

# Billit and the Evolving E-Invoicing Landscape in Belgium: A Comprehensive Analysis

---

## 1. Introduction: The Rise of E-Invoicing in Belgium and Billit's Leading Role

The Belgian business landscape is undergoing a significant transformation in financial management, driven by the upcoming mandate for mandatory Business-to-Business (B2B) e-invoicing. Set to take effect on January 1, 2026, this mandate necessitates that all companies operating within Belgium adopt electronic invoicing via the Peppol network. This regulatory shift positions e-invoicing solutions as critical infrastructure for Belgian businesses.

Amidst this evolving landscape, Billit emerges as a prominent player. Founded in 2014 and based in Ghent, Belgium, Billit is a leading Belgian e-invoicing and accounting software company. This research paper provides a comprehensive analysis of Billit, its competitive positioning within the Belgian market, and the broader context of the e-invoicing mandate.

## 2. Billit: An Overview of a Key Belgian E-Invoicing Solution Provider

Billit has established itself as a significant force in the Belgian e-invoicing and accounting software sector. Key characteristics of Billit include:

- **Founding and Location:** Established in 2014 and headquartered in Ghent, Belgium.

- Source: <https://www.gs1belu.org/en/solution-provider-finder/billit-bvba>

- **Peppol Access Point:** Billit is recognized as one of the largest certified Peppol Access Points in Belgium.
  - *Source:* <https://ec.europa.eu/digital-building-blocks/sites/display/DIGITAL/eInvoicing+Conformant+Solutions>
- **Solution Portfolio:** Billit offers a comprehensive suite of solutions tailored for Small and Medium-sized Enterprises (SMEs), encompassing:
  - E-invoicing capabilities
  - Accounting software functionalities
  - Financial management tools
  - *Source:* <https://www.billit.eu/en-int/resources/blog/whats-the-difference-between-accounting-software-and-invoicing-software/>
- **Compliance and Recognition:** Billit is officially recognized as an approved software provider for the upcoming Belgian e-invoicing mandate.
  - *Source:* <https://www.theinvoicinghub.com/belgium-releases-an-official-list-of-compliant-e-invoicing-solutions/>

Billit's strong positioning as a certified Peppol Access Point and its recognition as a compliant solution provider for the upcoming mandate underscore its importance in facilitating the transition to e-invoicing for Belgian businesses.

### 3. The Belgian E-Invoicing Mandate: A Catalyst for Digital Transformation

The mandate for B2B e-invoicing in Belgium, effective January 1, 2026, represents a significant step towards digitalizing business processes and enhancing efficiency across the Belgian economy.

- **Mandate Details:**
  - **Effective Date:** January 1, 2026
  - **Scope:** Mandatory for all B2B transactions within Belgium.
  - **Network:** Utilizes the Pan-European Public Procurement Online (Peppol) network.
  - **Impact:** All companies operating in Belgium will be legally obligated to send and receive invoices electronically via Peppol.
  - *Source:* <https://www.vatupdate.com/2024/10/21/belgium-releases-an-official-list-of-compliant-e-invoicing-solutions/>

This mandate is expected to drive widespread adoption of e-invoicing solutions, streamline invoice processing, reduce administrative burdens, and contribute to greater transparency and accuracy in financial transactions. For businesses, selecting a compliant and robust e-invoicing solution like Billit becomes crucial for operational continuity and regulatory adherence.

## 4. Competitive Landscape: Billit and Key Accounting Software Competitors in Belgium

While Billit specializes in e-invoicing and accounting solutions and holds a strong position within the Belgian market, it operates within a competitive landscape that includes established international and local accounting software providers. Key competitors offering accounting software solutions in Belgium include:

- **Xero:** A cloud-based accounting software known for its user-friendliness and comprehensive features.
- **Sage 50 Cloud:** Part of the global Sage group, offering a robust accounting and finance management platform with scalable options.
- **QuickBooks:** A widely recognized accounting software catering to businesses of various sizes, including freelancers and SMEs.
- **ZipBooks:** An online accounting and reporting platform emphasizing user-friendly interfaces and reporting capabilities.
- **Sage Accounting:** Another offering from Sage, positioned as a modern and accessible accounting solution for SMEs.

### 4.1. Comparative Analysis of Features and Pricing

To better understand the competitive positioning, a comparison of features and pricing is presented below:

Feature	Billit	Xero	Sage 50 Cloud	QuickBooks	ZipBooks	Sage Accounting
Focus	E-invoicing & Accounting	Cloud Accounting	Accounting & Finance Management	Cloud Accounting	Online Accounting & Reporting	Modern Accounting

Feature	Billit	Xero	Sage 50 Cloud	QuickBooks	ZipBooks	Sage A
Deployment	Cloud	Cloud	Cloud/ Desktop	Cloud	Cloud	C
Target Market	SMEs	SMEs, Businesses	SMEs, Businesses	Businesses, Freelancers	SMEs	S
Peppol Access Point	Yes	Likely (Needs Verification)	Likely (Needs Verification)	Likely (Needs Verification)	Likely (Needs Verification)	Li (M Ve
Key Features	E-invoicing, Accounting, Financial Management	Bank Reconciliation, Invoicing, Expense Tracking	Cash Flow Management, Invoicing, Advanced Budgeting	Cloud Accounting, Income Tracking, Business Funding	Chart of Accounts, Reporting, Invoice Automation	U Fr In Fr R
Starting Price (approx. monthly)	Pricing not publicly listed	\$22 (Starter)	\$33/user (Pro Accounting)	Pricing not publicly listed	Free Plan / \$15 (Smarter)	\$

**Note:** Pricing and feature details are based on publicly available information and may vary. "Likely (Needs Verification)" for Peppol Access Point indicates that while these platforms may offer Peppol integration, confirmation of direct certification as an Access Point requires further investigation. Billit's explicit certification as a Peppol Access Point is a key differentiator in the context of the Belgian mandate.

## 4.2. Billit's Strengths in the Belgian Market

Based on the research, Billit possesses several key strengths within the Belgian market:

- **Peppol Expertise:** As a certified Peppol Access Point and a solution recognized for the Belgian mandate, Billit demonstrates a deep understanding of the specific requirements and technicalities of e-invoicing

in Belgium. This expertise is a significant advantage as businesses navigate the new regulations.

- **Local Focus:** Being a Belgian company based in Ghent, Billit likely possesses a strong understanding of the local business environment, regulatory landscape, and specific needs of Belgian SMEs.
- **Comprehensive Solution for SMEs:** Billit's offering extends beyond just e-invoicing to encompass accounting and financial management, providing a holistic solution for SMEs seeking to streamline their financial operations.
- **Compliance Assurance:** Billit's recognition as a compliant solution for the upcoming mandate offers businesses assurance that adopting Billit will facilitate adherence to the new regulations, mitigating compliance risks.

## 5. Conclusion: Billit's Position and the Future of E-Invoicing in Belgium

Billit is strategically positioned as a leading e-invoicing and accounting software provider in Belgium, particularly in light of the impending B2B e-invoicing mandate. Its certification as a Peppol Access Point, its recognition as a compliant solution, and its focus on the Belgian SME market are significant strengths.

As the January 1, 2026 deadline approaches, the demand for compliant e-invoicing solutions is expected to surge in Belgium. Billit, with its established expertise and comprehensive offerings, is well-placed to capitalize on this growing market and play a pivotal role in facilitating the digital transformation of Belgian businesses' financial processes. While competition from international players exists, Billit's local expertise and specific focus on the Belgian e-invoicing mandate provide a distinct competitive advantage.
